INFRARED LED LIGHT  
Aircraft Grade  
Aluminum Chassis  
45" X 40" Floodlight  
IP68 Rated Waterproof  
Part # LEDLB-1-IR

Larson Electronics provides the best hunting, fishing and military lighting solutions for those who are on the go and need their lights to be long-lasting and tough.

From handheld to surface mount, we provide a complete line of rugged and waterproof spotlights and floodlights that weather the test of time.

With a ample stock and quick delivery, we can have you covered whether you're on foot tracking prey or in armored vehicles tracking the enemy. Our infrared LED light bars are extremely rugged and are ideal for use in commercial and industrial security applications as well as military environments. At Larson Electronics, no task is too big or tough for us.

LED PAR 46 SPOT/FLOOD BULB  
40 Watt LED replacement  
produces 3600 lumens  
Available in Red, Blue, Amber,  
Green, IR 850NM and 940NM  
Part # LED40W-PAR46

### 24 Volt Military Spotlights

In 2004, Larson Electronics adapted the 12 volt Larson Electronics spotlight, producing the HML-5M (HLM-5M). This 24 volt military approved spotlight comes with either flood lamp or spot lamp and a very strong 3.25 inch diameter magnetic base. Delivering multi-million candle power output, this spotlight features a 21 foot cord and either ring terminal connectors or battery clamps for direct battery connection. Originally specified, tested and approved by Camp Pendleton, this unit has been popular with every branch of the US military and is widely used in Iraq and Afghanistan in the HUMVEEs, Bradleys, 1088s, FOX recon vehicles and all MRAP armored patrol vehicles.
