EPL-FL1524-SP190-V2

Safety Cable Suspension Mount for EPL-FL1524 - Plasti-Dip Coated Bracket/Hanger -Jacketed Cables

Product ID: 144403

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in Texas

The EPL-FL1524-SP190-V2 from Larson Electronics is a safety cable suspension mount that allows operators to hang the EPL-FL1524-100 series of lights upside down without the need to take the risk of using the light`s power cord for hanging. This safety cable suspension mount increases the versatility and safety of a wide variety of droplights as well as prolonging the life of lights by providing a sturdier mounting option. The plasti-dip coated bracket hangers and jacketed cables give the EPL-FL1524-SP190-V2 superior durability and protection. The EPL-FL1524-SP190-V2 safety cable suspension mount consists of an aluminum clamp mount the goes around existing lights and two tabs for connecting the cables that lead to the safety suspension cable. Also included with this safety cable suspension mount are two short cables with eyelets that run from the clamp mount and a D-ring that connects the short cables to the included 100` 1/8" safety suspension cable. The bracket and hangers on this suspension mount are plasti-dip coated for increased protection and durability. Additionally, all of the other included cables are jacketed.At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to

honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
