SWAM-ADL-ALU-48.24

2-4 Foot Aluminum Swing Arm - Mount Lights, Cables, or Equipment - 48" Extension - Pivots

Product ID: 153508

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in the USA

The SWAM-ADL-ALU-48.24 from Larson Electronics is a 48" Aluminum Swing Arm Mount that provides operators with an adjustable and versatile mounting platform to mount lights, cameras, and equipment. The swing arm design makes this ideal for replacement or upgrade option for less durable swing arms when mounting halogen, HID, or LED loading bay and dock lights. The SWAM-ADL-ALU-48.24 features a durable powder coat finish.

A four foot swing arm constructed of 2" by 2" by 1/8" thick aluminum tubing and provides adjustable mounting for lights, cabling, or equipment, allowing users to position equipment as needed during operations. This swing arm is ideal also for mounting the unit to loading door areas and docks for use as a loading bay or

dock light mount. The arm mounts to walls or flat surfaces via a 4-bolt flange with pre-drilled thru-holes. The SWAM-ADL-ALU-48.24 measures four feet long when fully extended and two feet long when collapsed.

Please note that NO light fixture is included with this unit. It is for the swing arm ONLY.

The ergonomic hinge design provides an easy pivot point for the swing arm and mounted equipment.

The pre-drilled thru-holes provide easy installation.
