30W LED Pole Light
3'-8.5' Adjustable - 9-64VDC - 20' Wiring Harness w/ Quick Disconnect
Instruction Manual

Warning:

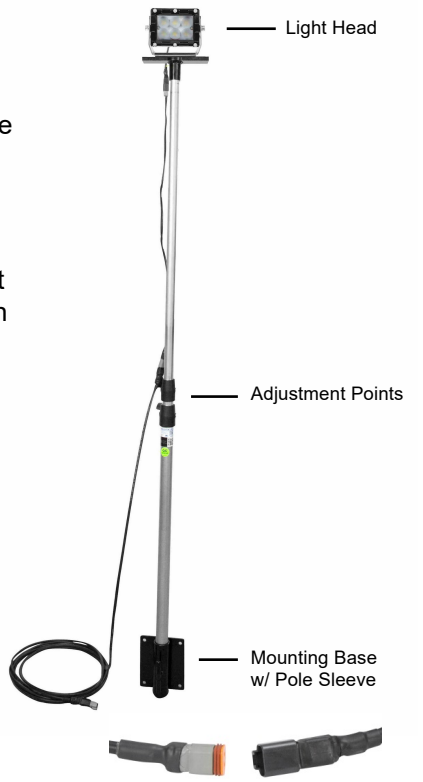
READ CAREFULLY BEFORE INSTALLING FIXTURE. RETAIN THESE INSTRUCTIONS FOR FUTURE REFERENCE. CRITICAL SAFETY INSTRUCTIONS:

- INSTALLATION SHOULD ONLY BE CONDUCTED BY A QUALIFIED ELECTRICIAN IN ACCORDANCE WITH NEC AND ANY RELEVANT LOCAL BUILDING CODES.
- RISK OF FIRE OR ELECTRIC SHOCK. FIXTURE INSTALLATION REQUIRES KNOWLEDGE OF FIXTURE'S ELECTRICAL SYSTEMS. IF NOT QUALIFIED, CONTACT A QUALIFIED ELECTRICIAN.
- BE CERTAIN ELECTRICAL POWER IS OFF BEFORE AND DURING INSTALLATION AND MAINTENANCE.
- MAKE SURE THE SUPPLY VOLTAGE IS THE SAME AS THE FIXTURE'S RATED VOLTAGE.
- TO PREVENT WIRING DAMAGE OR ABRASION, DO NOT EXPOSE WIRING TO EDGES OF SHEET METAL OR SHARP OBJECTS. SUITABLE FOR DAMP LOCATIONS.

The Larson Electronics TPM-1XLEDEQ-3X2-CPR LED Pole Light is a pole lighting solution with outdoor and rugged applications. This 30-watt unit consists of a high output LED fixture, which is capable of emitting 2,100 lumens of white light. The telescoping pole is adjustable at heights between 3 and 8.5 feet. Operators can manage power connections seamlessly using a 20` wiring harness with a weatherproof quick disconnect.

Mounting

1. Using the pre-drilled holes in the mounting base, secure the base to a flat surface capable of supporting the load of the pole light.
2. Slip the bottom of the pole into the sleeve in the base, and tighten the T-handle screw to hold it in place.
3. Slip light head assembly over the top of the pole, and tighten the T-handle screw to hold it in place.
4. Extend pole to desired height by loosening the thumbscrews at the adjustment points on the pole. Once desired height is reached, tighten thumbscrews again to hold in place.
5. Adjust angle of light head by loosening the Allen head screws on either side, tilt light to desired angle, and tighten the screws to hold it in place.



Power

We strongly encourage a licensed electrician install this product, in all locations especially in outdoor areas where weatherproofing may be required.

Warning: *Check product label for correct input voltage!*

Light ships with customer selected cord. Mate cord with supply power within the fixture's rated voltage range. Light is instant on, and will illuminate once power is supplied.

DETACHABLE CORDS

- Cord is attached via a weatherproof 2-pin Deutsch connector.
- The cord is detachable by depressing the tab on the top of the connectors. This enables the operator to remove and store the light while leaving the cord connected to the power source.
- Additional or replacement cords can be ordered from our website. Contact us or visit LarsonElectronics.com for more information.
