2017+ Ford F250-F550 Super Duty Aluminum Truck Permanent No Drill Mounting Plate for Spotlights
Part #: VMP-FSD-2017
The VMP-FSD-2017 from Larson Electronics is a permanent Mounting Plate for any light with a permanent mounting base, including, spotlights, flood lights, strobe lights, beacons, warning lights, signal lights, flashers, turn signals, brake lights, hunting lights, fishing lights, off-roading lights and any other type of light that features a bolt-on base. The MMP-F150-2015 features a 17” by 5” permanent mounting surface, is compatible with 2017+ Ford F250-F550 Super Duty aluminum body trucks and offers operators a convenient mounting location for any permanent lights for applications including security, property management, farm operations management, construction and so on.

The VMP-FSD-2017 is constructed in Texas from light weight powder coated aluminum for the frame and durable steel on aluminum brackets for the mounting plate surface. This permanent equipment mounting plate for 2017 model year and newer Ford F250-F550 Super Duty aluminum body pickup trucks and offers operators a sturdy and reliable platform to deploy permanent mount lights of any type such as cameras, spotlights, strobes, beacons, hunting spotlights, signal lights, security lights and warning lights, on the top of their truck for optimal performance. The VMP-FSD-2017 is installed via the rear cab lights and has a weatherproof seal on the back side for secure and dry installation. This mounting plate enables operators to drill holes into the plate itself to mount their equipment instead of having to create unnecessary damage to the body of the truck. The mounting plate is powder coated for added durability, and offered in a black, white, or grey finish.

Having a reverse camera or an LED for the 3rd brake light will change the mounting bracket design. Those with a camera or LED must choose the "camera" option in order to get the correct design. Please choose the appropriate option below.

**Applications:** Property management, security, search and rescue, farming operations and any other applications for which a roof mounted spotlight is needed for 2015+ model year Ford F150 aluminum body truck owners.
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
