RL-85-LED-CPR-VDC

12V DC Vehicle Charger for RL-85-LED-CPR Series LED Handheld Spotlights

Product ID: 148378

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The RL-85-LED-CPR-VDC from Larson Electronics is a 12V DC Vehicle Charger for the RL-85-LED-CPR series of handheld LED spotlights.
The RL-85-LED-CPR-VDC allows operators to charge a RL-85-LED-CPR series LED spotlight from the convenience of a vehicle`s low voltage power source. This 12V DC vehicle charger can fully charge a spotlight with a completely drained baattery in three hours. This charger can be used to replace lost, damaged, broken or otherwise compromised chargers for the RL-85-LED-CPR series of LED spotlight.
