EPF-AC-24-SP1201

Replacement Fan Motor for EPF-AC-24 Series of Explosion Proof Air Chillers - Includes Motor ONLY

Product ID: 148118

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The EPF-AC-24-SP1201 from Larson Electronics is a replacement fan motor.
The EPF-AC-24-SP1201 is used for replacing damaged, broken or otherwise compromised fan motors on the EPF-AC-24 series of explosion proof air chillers. This includes the replacement motor ONLY.
