**The U-RFM-16 from Larson Electronics is a Roof Mount Spotlight for vehicles. This roof mount spotlight features a 100W halogen bulb that throws a spot beam that measures 600 feet in length. The U-RFM-16 is ideal for a wide variety of applications including hunting, off-roading, security, search and rescue, and farming. This roof mount vehicle spotlight is available in a 12V version with a 100W halogen bulb and a 24V version with a 70W halogen bulb.**
The U-RFM-16 allows operators to reposition and direct the spotlight beam from

inside the vehicle by twisting and turning the handle. This allows operators to remain protected from the elements while still utilizing the roof mounted spotlight. The spotlight will maintain the desired position until the operator adjusts it again. The U-RFM-16 draws 9.5 amps on 12 volts and 3 amps from 24 volt systems. The Larson Electronics U-RFM-16 roof mount spotlight has a 6" round ABS light head housing, a 16" stainless steel shaft with a triple plate chrome coating and a rubberized black handle that offers operators a sure grip during light adjustments. A polycarbonate lens rounds out this durable and aesthetically pleasing roof mounted spotlight. The U-RFM-16 us powered on using a thumb activated toggle switch on the top rear of the handle. This roof mounted halogen spotlight has 245,000 industrial candle power and 3 million retail candlepower offering operators an intense source of light for their nighttime operations. The U-RFM-16 is available in both a black and chrome finish. Make your selection when ordering. This roof mounted spotlight has a single positive lead from the handle that connects to the vehicle's power. The spotlight is grounded to the vehicle chassis via the mounting kit. The U-RFM-16 has a leak-proof design and comes with a universal mounting bracket, template, and installation instructions.

**Applications:** Hunting, fishing, off-roading, security, search and rescue operations, farming applications, property maintenance, and any other application that requires a powerful source of light via a roof mounted adjustable spotlight.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation.
