EPO-125V-3W2P-20A-ICB-DE

Explosion Proof Acceptor Receptacle - Class I, II, III - 20A, 125VAC, 2P3W - Pin & Sleeve

Product ID: 339175

Image: EPO-125V-3W2P-20A-ICB-DE

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EPO-125V-3W2P-20A-ICB-DE Explosion Proof Receptacle
Listing: NRTL Listed for United States, Canada
Unit Type: Explosion Proof Acceptor Receptacle
Current Rating: 20 Amps
Voltage Rating: 125 VAC
Configuration: 2-Pole, 3-Wire (2P3W)
Connection Type: Pin & Sleeve Acceptor
Grounding: Grounding Pole Included
Housing Material: Copper-Free Aluminum
Finish: Epoxy Powder Coat
Mount: Wall Mount
Hub Size: 3/4" NPT

Ratings
Class I, Divisions 1 & 2, Groups C, D
Class I, Zones 1 & 2, Groups IIB, IIA
Class II, Divisions 1 & 2, Groups F, G
Class III
NEMA 3, 7(C,D), 9(F,G)
NEC Compliant Installation
Suitable for Hazardous Locations

The Larson Electronics EPO-125V-3W2P-20A-ICB-DE Explosion Proof Acceptor Receptacle is approved for Class I, Division 1 & 2, Class II, Division 1 & 2, and Class III hazardous locations and provides a safe and reliable power connection for portable and stationary electrical equipment in hazardous environments. This 20-amp, 125VAC, 2-pole, 3-wire pin and sleeve receptacle is constructed of corrosion-resistant copper-free aluminum for long-lasting performance in demanding industrial applications.

This explosion proof acceptor receptacle is ideal for operators requiring a durable hazardous-location power connection for industrial facilities, refineries, chemical plants, offshore platforms, and other classified locations. The unit features a 2-pole, 3-wire pin and sleeve configuration with a grounding pole for secure electrical connections. The heavy-duty copper-free aluminum housing is finished with a corrosion-resistant epoxy powder coat and is suitable for both indoor and outdoor installations.

The EPO-125V-3W2P-20A-ICB-DE is designed to provide a secure, moisture-resistant electrical connection while preventing the ingress of dust and water when used with a compatible explosion proof plug. The spring-loaded contact assembly ensures dependable electrical performance, while the recessed contacts help protect against accidental contact during operation. Rated for 20 amps at 125VAC, this receptacle is suitable for hazardous environments where flammable gases, vapors, combustible dusts, or ignitable fibers may be present.

The EPO-125V-3W2P-20A-ICB-DE explosion proof acceptor receptacle features a rugged, non-sparking copper-free aluminum enclosure with corrosion-resistant construction for reliable operation in harsh industrial environments. This unit is compatible with matching explosion proof pin and sleeve plugs and is designed to provide safe, dependable power connections for hazardous-location equipment..

Suggested Applications: Oil & Gas Facilities, Chemical Processing Plants, Refineries, Manufacturing Facilities, Industrial Plants, Offshore Platforms, Grain Processing, Wastewater Treatment Facilities, Hazardous Location Power Distribution, and Classified Industrial Environments.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
