RL-85-LED-CPR-SP1001

Snap-On Red Lens for RL-85-LED-CPR Spotlights - Polycarbonate Construction

Product ID: 223782

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The RL-85-LED-CPR-SP1001 from Larson Electronics is a Snap-On Red Lens for RL-85-LED-CPR series handheld lights.
The RL-85-LED-CPR-SP1001 is a red lens made from polycarbonate that can be installed and removed quickly in the field. This lens utilizes delrin clips to secure the lens to the face of the existing RL-85-LED-CPR spotlight. This snap-on red lens can be used to add additional versatility to existing RL-85-LED-CPR spotlights or be used to replace missing, broken, damaged, or otherwise compromised red lenses for RL-85-LED-CPR spotlights.
