XLE-MD-PCD-HD-R7

Hanging Divider - NO Tools Required for Assembly - 42" x 30" Dimensions - 1/4" Thick Clear PETG Construction - Sneeze Guard

Product ID: 268060

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The XLE-MD-PCD-HD-R7 from Larson Electronics is a PETG Hanging Divider that helps to protect people and employees in cafeterias, break rooms, restaurants, and other public spaces where social distancing can be challenging to accomplish.

Please note that this is for the PETG divider only. Mounting/hanging brackets are NOT included.

The XLE-MD-PCD-HD-R7 protective divider is constructed from 1/4" thick PETG that is both durable and easy to clean. The PETG is clear and easy to see through as well as being more impact resistant than glass. No tools are required to assemble this sneeze guard. The pieces simply snap together for easy and fast assembly.

Unlike most manufacturers who are offering acrlyic materials (Plexiglass), the shields manufactured by Larson Electronics are made of PETG. PETG in a sheet form is stronger than acrylic and less likely to break or get damaged while in operation. It has similar strength characteristics as polycarbonate. Unlike polycarbonate, PETG is food grade safe. .

Dimensions: The XLE-MD-PCD-HD-R7 hanging divider measures 42" in length by 30" in height for convenient use in a variety of applications.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement,

retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973.
