EXC-1M-415V-4P5W-63A-IP67

1 meter (3.28 feet) 4/5 SOOW 63A Weatherproof Extension Power Cord - 4P5W Cord Cap - Outdoor Rated -

Product ID: 286548

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-1M-415V-4P5W-63A-IP67 - 1 meter (3.28 feet) 4/5 SOOW 15-15 63A Red Extension Cord

Cord Cap: 63A IEC 60309 Pin and Sleeve Cord Cap
Voltage Rating: 220/380V or 240/415V
Configuration: 4-Pole, 5-Wire
Ground Position: 6H
Max Amp Rating: 63A
Cord Cap Color: Red
Cable Type: 4/5 SOOW
Cable Length: 1 meter (3.28 feet)
Cord Color: Black
Weight: 70 lbs

Features

IEC 60309 Style
CE Certified
IP67 Waterproof

Made in the USA

The Larson Electronics EXC-1M-415V-4P5W-63A-IP67 1 meter weatherproof 4/5 SOOW extension power cord is designed for heavy duty and outdoor applications. This rugged extension cord is constructed of 4-gauge 5-conductor wire, equipped with a red 63-amp rated weatherproof IEC 60309 pin and sleeve cord cap, and allows operators to extend power to equipment when stationary weatherproof outlets are not readily available.

The EXC-1M-415V-4P5W-63A-IP67 extension cord provides a safe and effective way for operators to extend 220/380V or 240/415V power to a variety of devices for plant maintenance, power generators, construction and other temporary applications. This 1 meter (3.28 feet) of chemical and abrasion resistant flexible 4/5 SOOW cable is terminated in a red IEC 60309, 63 amp rated 4-pole 3-pin cord cap.

Applications:

This extension cord is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
