

365NM Ultraviolet LED Handheld Spotlight 25' Quick Disconnect Cord - 120-277V AC Instruction Manual

Familiarize yourself with all procedures outlined within this instruction sheet.

WARNING:

READ CAREFULLY BEFORE OPERATING FIXTURE. RETAIN THESE INSTRUCTIONS FOR FUTURE REFERENCE.
CRITICAL SAFETY INSTRUCTIONS:

- Never place spotlight face down when light is on. Doing so could burn/ignite surfaces such as seats, carpeting, etc. and cause major property damage. Always turn spotlight off when not in use.
- To prevent serious damage to eyesight, never look into spotlight when light is on.
- **DO NOT** shine light into the face of someone else.
- **DO NOT** touch lens of spotlight when light is on or if it was recently on. The lens will be hot.
- **DO NOT** allow children to handle or operate this spotlight.
- **DO NOT** use this product for other than its intended use.
- **DO NOT** operate in close proximity of combustible or flammable materials.
- **DO NOT** attempt to operate this light if cord, plug, lens or any part of the spotlight is damaged or corroded.
- Although fixture is IP67 rated waterproof, it is not designed or intended to be submerged.
- If dropped or damaged, the unit may no longer be waterproof and should be replaced.

The Larson Electronics HUL-LED4E-UV365-110V Ultraviolet LED Light is a rugged and effective LED spotlight designed to provide users with a powerful, durable, and easy to use source of reliable UV light. This UV light has a 20 watt LED assembly which produces an intense ultraviolet light beam. This spotlight includes a detachable 25' cord with waterproof inline transformer and wall plug for easy connection to household outlets and equipment power sources.

POWER

Each HUL-LED4E-UV365-110V Spotlight comes with a detachable 25' power cable and inline transformer that is weatherproof. The cord is detached via a weatherproof, 2 pin Deutsch connector which easily and securely attaches and detaches the coil cord from the spotlight. The light can be powered via the transformer, or low voltage power sources with an additional power cord. Contact Larson Electronics for additional cord options. When the transformer is disconnected, the light itself can operate on 12-32V DC, including 12 volt or 24 volt DC, allowing it to be used with any vehicle or ATV equipped with a low voltage DC power source. Connect to compatible outlet outputting correct voltage, or complete wiring connections as shown if flying leads were chosen.

MOUNTING

HUL-LED4E-UV365-110V is handheld with a pistol style grip.
