The LM-20-SP2001 from Larson Electronics is a replacement pulley for all Larson Electronic light masts.

The LM-20-SP2001 is a 2" pulley rated for up to 600 lbs. It is a direct replacement for lost, damaged or otherwise compromised pulleys on any Larson Electronics light mast.

INSTALLATION

- Disconnect fixture from power and ensure it is cool to the touch.
- Make sure the tower is fully collapsed down.
- Once light tower is fully collapsed down, disconnect current pulley system removing cables as well.
- Once free, remove the old pulley being replaced with desired new replacement pulley.
- Once installed, reconnect pulley system back to the light tower.
- Once pulley system is fully connected, operate light as needed.

MAINTENANCE

It is good practice to routinely clean and check the fixture for proper function.

USE AND CARE

Unauthorized modification may impair the function and/or safety of this device and could affect the life of the equipment. Always check for damaged or worn out parts before using the device. Store it in a secure place out of the reach of children when not in use. Inspect for good working condition prior to storage and before re-use.
