3 Foot T5 Fluorescent Bulb - Single Replacement for Larson Electronics Fixtures

Product ID: 297806

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Replacement 3 Foot Fluorescent Bulb. Ideal for spare or replacement bulbs on 3 foot fluorescent Larson Electronics fixtures. T-Series replacement 3 foot fluorescent bulb.

Fluorescent lamps are not voltage specific, meaning there are no low voltage or high voltage fluorescent lamps. The fixture`s battery/ballast system converts the incoming voltage to the voltage that the lamps require. This applies only to fluorescent lamps and NOT LED tube style replacement lamps.

Price per unit - lamps sold individually.
