18W PAR36 LED Lamp - 1800 Lumens - 10-30V DC
Instruction Manual

Thank you for your purchase of the LED18W-PAR36 Spotlight. Do not attempt installation until you are familiar with all warnings, precautions, and procedures outlined within this instruction sheet.

Safety Warnings

For personal safety, always follow the safety instructions in this manual to ensure safe and long- term use. Failing to do so can result in damage to the product or serious bodily injury.

WARNINGS

To prevent serious damage to eyesight, never look into spotlight when light is on. **DO NOT** shine light into the face of someone else.

DO NOT touch lens of spotlight when light is on or if it was recently on. The lens will be hot and could cause burns.
DO NOT use this product for other than its intended use.
DO NOT operate in close proximity of Combustible or flammable materials.
DO NOT attempt to operate this light if cord, lens, bulb or any part of the light is damaged or corroded.

MOUNTING AND ADJUSTMENTS:

Allow lamp to cool prior to performing maintenance.

The LED18W-PAR36 is a suitable replacement for PAR36 lighting solutions and systems. This PAR36 LED lamp operates on 10-30V DC, including 12V DC and 24V DC. When in use, the luminaire emits 1,800 lumens in a flood beam configuration with color temperature options of 3000K, 4500K or 6000K. A total of six, three-watt LEDs can be found inside the unit. The PAR36 LED light is equipped with a clear, polycarbonate lens for close range illumination.

This LED spotlight light comes preconfigured in selected color temperature and beam configuration from factory. The cord includes flying leads for power.

When replacing, remove old lamp while making note of how it is installed. Install replacement lamp in the same manner.
