XLE-EGC-600V-2.0

2/0 AWG Industrial Grounding Cable - 600V - RW90 XLPE - Green - Per Foot

Product ID: 339170

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

XLE-EGC-600V-2.0 Industrial Grounding Cable
Unit Type: Industrial Grounding Cable
Cable Type: RW90
Conductor: 2/0 AWG Stranded Copper
Voltage Rating: 600V
Insulation: XLPE (Cross-Linked Polyethylene)
Jacket Color: Green
Temperature Rating: 90°C Wet / Dry
Length: Per Foot (Custom Length Available)
Applications: Grounding & Bonding of Electrical Equipment, Switchgear, Transformers, Panelboards, MCCs

Larson Electronics manufactures a wide variety of custom power distribution systems. The pictures displayed for this unit are a general representation of form factor and may not accurately represent this exact configuration in every detail due to being custom builds. The specifics for this configuration are listed in the specification table and one-line diagram.

All grounding shall comply with state and local codes and meet the minimum requirements of the National Electronic Code section 250

The XLE-EGC-600V-2.0 from Larson Electronics is a 2/0 AWG Industrial Grounding Cable designed for grounding and bonding applications in industrial electrical systems. This RW90 cable features stranded copper conductors with XLPE insulation, providing reliable performance in wet or dry environments.

The XLE-EGC-600V-2.0 is rated for 600V operation and 90°C service in wet or dry locations. Supplied per foot or in custom lengths, this grounding cable is suitable for use with switchgear, transformers, panelboards, motor control centers, and other electrical distribution equipment.

Larson Electronics is a manufacturer and we can build portable power distribution systems to your specifications. Although we carry several models of portable power distribution systems in stock, we can deliver custom ordered units almost as quickly as our prebuilt units. If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
