CON-CP-PVC-S40-2IN

2" PVC Conduit Coupling - Schedule 40 - Gray

Product ID: 339263

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

•

Specification	Details
Trade Size	2"
Product Type	PVC Conduit Coupling
Conduit Type	PVC Electrical Conduit
Schedule	40
Material	Polyvinyl Chloride (PVC)
Color	Gray
Connection Type	Slip x Slip (Solvent Weld)
Installation	Joins two sections of Schedule 40 PVC conduit using PVC solvent cement
Application	Electrical raceway systems
Voltage Rating	Suitable for electrical raceway applications
Indoor/Outdoor Rated	Yes
Compatible Installation	Above Ground, Underground, Concrete Encased, Direct Burial
Features	Non-Conductive, Corrosion Resistant, Moisture Resistant, Chemical Resistant, UV Resistant, Lightweight, Impact Resistant

The **2" PVC Conduit Coupling** is designed to securely join two sections of **2-inch Schedule 40 PVC conduit** in electrical raceway systems. Constructed from durable gray PVC, this coupling provides corrosion resistance, electrical insulation, and reliable performance for indoor and outdoor installations. It is suitable for concrete encasement, direct burial, and exposed applications when used with compatible PVC conduit systems.
