Replacement Steel Mounting Plate for Vehicle Antenna Mounting Plates
Steel Construction
Instruction Guide

Thank you for your purchase of the Larson Electronics VMP-MAM-xx-V1-SP0001 Steel Mounting Plate. Please follow the steps below in order to install this product.

INSTALLATION

1. If a steel mounting plate already exists on your vehicle plate, remove it by loosening the existing mounting screws.
2. Set the replacement steel plate over vehicle mounting plate.
3. Align holes and use the included screws to secure plate to mount.
4. Tighten each screw to secure the plate.
5. Once all screws are installed and tight, attach your magnetic device.

Take care not to bend mount or use excessive force when removing magnetic devices.

USE AND CARE

Unauthorized modification may impair the function and/or safety of this device and could affect the life of the equipment. Always check for damaged or worn out parts before using the device. Store it in a secure place out of the reach of children when not in use. Inspect for good working condition prior to storage and before re-use.

REPLACEMENT PARTS

The VMP-MAM-xx-V1-SP0001 is designed to provide years of reliable performance. Should the need for replacement parts arise, please contact Larson Electronics.
