I. Instructions - Linecord with GFCI Protected Outlets

*This SOOW linecord operates on a voltage of 120V AC. While the male cord cap (5-15p) is rated for hazardous locations, the female receptacles are **NOT.***

I. Operation

The bright “Red” light indicates when the power is ON. The TEST and RESET buttons allow for periodic testing.

II. After Use

Grasp plug to remove from the outlet.

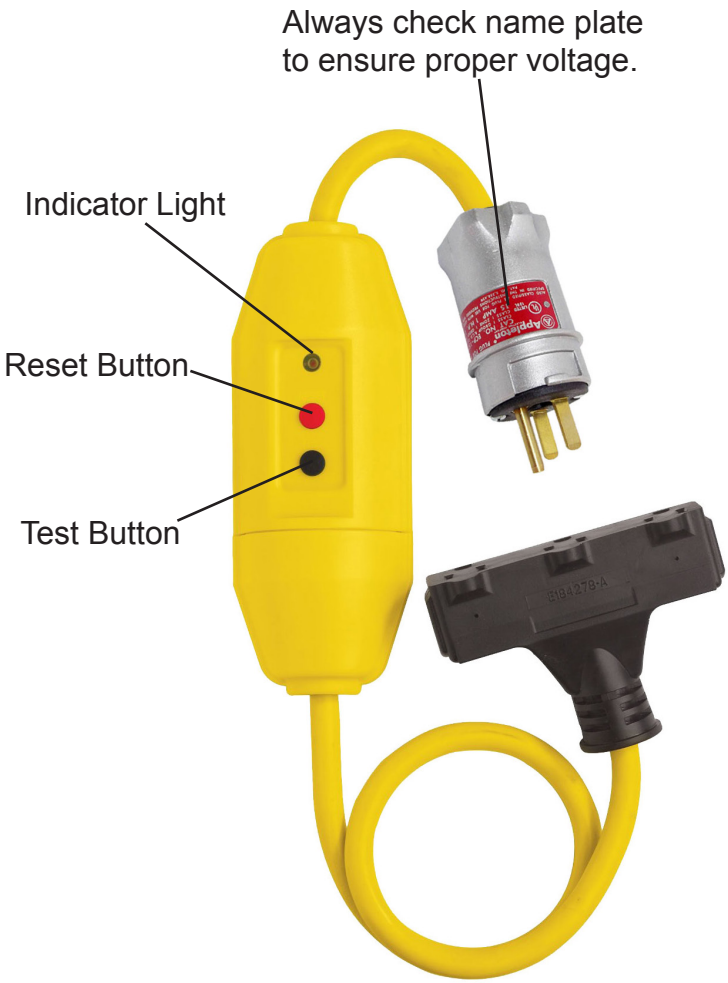

Always store cord indoors.

Always unplug when not in use.

DO NOT unplug by pulling on the cord.

II. Hot Work Permit

This line cord is **NOT** approved for hot work permit applications and requires operators to obtain one before use.
