MMP-2 Magnetic Stainless Steel Boat Mount Plate
Instruction Guide

Thank you for your purchase of the Larson Electronics MMP-2 Stainless Steel Mounting Plate. Please follow the steps below in order to operate and maintain this product.

This 5.5 inch square plate can be mounted to any non-ferrous (fiberglass, etc.) surface so that lights with magnetic bases can be attached to this mounting plate. The plate has 4 mounting holes for self-tapping fiberglass screws.

INSTALLATION

1. Place steel plate over flat surface.
2. Align holes and use self-tapping screws to secure plate to surface. Use fiberglass safe screws when attaching to boat.
3. Tighten each screw until snug.
4. Once all screws are installed and tight, attach your magnetic device to the mount.
