## **LED30MW**

### **MOUNTING INSTRUCTIONS**

1. Please use mounting template provided to position mounting holes.
2. Drill for both the wire exit and a predrilled hole for the mounting screw.
3. Attach stainless steel housing with #4 mounting screw provided.
4. Connect to 12 volts DC power supply.

Light circuits should be protected with an appropriately sized fuse. Each light draws approximately 30mA at 12 volts DC. Fuses on circuits with multiple lights should be sized accordingly.
