

Handcuff Key w/ LED Task Light - Keychain

Instruction Manual

Thank you for your purchase of the Handcuff Key w/ LED Task Light - Keychain.

Handcuff Key w/ 2 LEDs rated at 100,000 hours each. These handcuff keys come standard with lithium batteries to power the LEDs. The lights have a 7.5 hour run-time or 1000's of momentary bursts. The key is made of alloy steel and is compatible with most handcuff keys.

The unique design of this handcuff key enables the user to universal unlock handcuffs and provides a small light option as well.

- Insert key into handcuff to unlock
- Push button to turn on light if you cant see hole in handcuff
- Uses lithium battery

For video of the key use the QR Code *(Key in video may not match key bought)
