800' Beam - 12/24V - IP67
Instruction Manual

Thank you for your purchase of the Larson Electronics HUL-18-RED-C.

WARNING:

Never place spotlight face down when light is on. Doing so could burn/ignite surfaces such as seats, carpeting, etc. and cause major property damage. Always turn spotlight off when not in use.

Avoid direct eye exposure the light source when light is on. DO NOT shine light into the face of someone else.
DO NOT touch lens of light when on or recently on. The lens/cooling fins will be hot after long periods.
DO NOT allow children to handle or operate this light.
DO NOT use this product for other than its intended use.
DO NOT operate in close proximity of combustible or flammable materials.
DO NOT attempt to operate this light if cord, plug, battery, lens or any part of the light is damaged or corroded.

The Larson Electronics HUL-18-RED-C Spotlight is a rugged and effective spotlight designed to provide users with a powerful, durable, and easy to use source of reliable light. This spotlight has a 100 watt halogen bulb which produces a light beam approximately 850’ long by 50’ wide. This spotlight includes a detachable 16 foot coil cord with cigarette plug and a removable adhesive backed red lens for hunting use. Other cord options are available as well.

OPERATION

Warning: Check product label for correct input voltage!

The Larson Electronics HUL-18-RED-C Spotlight is designed with a pistol grip style and allows for handheld applications. A simple ON/OFF switch is located on the handle to allow for seamless operation with a single finger. Simply connect the power cord to a compatible power source outputting the correct voltage, as shown on the product label. Then use the ON/OFF switch to operate the light as desired.

BULB CHANGE

To change the bulb, remove the screws securing the two halves of the light together. Separate the two sides carefully, and remove the bulb from the reflective cone. Recommend wearing latex gloves to keep from getting oils from skin onto bulbs. Replace the bulb with one of the same type and rating as the one removed, then re-assemble the light.

USE AND CARE

Unauthorized modification may impair the function and/or safety of this device and could affect the life of the equipment. Always check for damaged or worn out parts before using the device. The lens should be cleaned periodically as needed to ensure continued photometric performance. Clean the lens with a damp, non-abrasive, lint-free cloth. If not sufficient, use mild soap or a liquid cleaner. Store it in a secure place out of the reach of children when not in use. Inspect for good working condition prior to storage and before re-use.

REPLACEMENT PARTS

The HUL-18-RED-C is designed to provide years of reliable performance. Should the need for replacement parts arise, please contact Larson Electronics.
