## **EXP-LED-HL-1W**

### **INTRODUCTION**

The EXP-LED-HL-1W is a compact, long running, high performance LED headlight. This headlamp has been engineered to meet the stringent requirements of Division 1 hazardous locations, while maintaining exceptional light output and run time. The headlight is packaged with an elastic head strap and a rubber hard hat strap.

### **INSERTING THE BATTERIES**

- Looking at the back of the headlamp, the black endcap on the right screws off counterclockwise. When removed, you can see the battery compartment that slides out.
- Insert the batteries as demonstrated on the label. Three AA batteries are required.

### **POWER**

A push button with a rubber dome actuator provides easy on/off operation of the headlamp.

### **WARRANTY**

Larson Electronics warrants this product to be free of defects for a lifetime of use except for batteries and bulbs, abuse and normal wear. We will repair, replace or refund the purchase price of this product should we determine it to be defective. This limited lifetime warranty also excludes rechargeable batteries, chargers, switches and electronics which have a 2 year warranty with proof of purchase. This is the only warranty, expressed or implied, including any warranty of merchantability or fitness for a particular purpose. Incidental, consequential or special damages are expressly disclaimed except where such limitation is prohibited by law. You may have other specific legal rights which vary by jurisdiction.
