

GL-LBRK Aluminum L Bracket for Golights

Instruction Manual

Thank you for your purchase of the GL-LBRK Aluminum L Bracket for Golights.

The four holes on the leg of the mount are for mounting the bracket to the intended surface. The four holes on the surface of the bracket are for mounting Golight Radioray and Stryker models.

Place the Golight onto the base and align it with the mounting holes provided. Screw in through the bottom of the plate into the holes on the bottom of the Golight to secure it to the base.
