

12 Million Candlepower LED Spotlight - 45 Watt - Pistol Grip - 12-32VAC - 4000 Lumens

Part #: HL-85-LEDWRE-45W-CPR

The HL-85-LEDWRE-45W-CPR 12 Million candlepower handheld spotlight from Larson Electronics is lightweight, ruggedly built, and features a 16` coil cord with cigarette plug. This handheld LED spotlight operates on voltages ranging from 12-32V DC. This unit uses a single premium Cree LED and a 6.75" parabolic reflector to generate an impressive 4,000 lumens while drawing a modest 45 watts of power. This powerful IP65 rated spotlight is ideal for hunting, camping, marine and boating use as well as for first responders and emergency services.

Light Features: The HL-85-LEDWRE-45W-CPR 12 million candlepower handheld spotlight delivers an impressive 4,000 lumens while drawing only 45 watts of energy. In combination with a single high output Cree LED and a 6.75" parabolic reflector, this light cuts through the darkness with an ultra-focused 30° spot beam that clearly and sharply illuminates objects all the way to the end of the beam reach. The Cree LED unit in this light has been chosen for its high lumen per watt ratio and extreme longevity. This Cree LED generates 89 lumens per watt and have a 70% lumen retention at 50,000 hours, giving them better efficiency and operational life than traditional light sources.

This IP65 rated spotlight features an ultra-durable ABS shockproof polymer body, an aluminum alloy light head housing, and an impact resistant 6.75" polycarbonate lens. While the HL-85-LEDWRE-45W-CPR is built to withstand rugged use and harsh outdoor conditions, comfort and ease of operation haven't been sacrificed. This unit is ergonomically designed for balanced and comfortable handling. The nylon handle has a no-slip textured surface that ensures a firm grip even in wet conditions. The booted push button is conveniently placed to allow operators easy forefinger access to the switch for quick on/off action.

Larson Electronics offers additional options for the HL-85-LEDWRE-45W-CPR spotlight, including red and green lenses. For more information, contact sales@larsonelectronics.com.

LED Benefits: Unlike gas burning and arc type lamps that have glass bulbs, LEDs have no filaments or fragile housings to break during operation and/or transportation. Instead of heating a small filament or using a combination of gases to produce light, light emitting diodes (LEDs) use semi-conductive materials that illuminate when electric current is applied, providing instant illumination with no warm up or cool down time before re-striking. Because there is no warm up period, this light can be cycled on and off with no reduction in lamp life.

LED lights run at significantly cooler temperatures than traditional metal halide and high pressure sodium lights and contain no harmful gases, vapors, or mercury, making them both safer and more energy efficient. No extra energy is wasted in cooling enclosed work areas due to external heat emissions from bulb type lights, and the operator risks associated with traditional lighting methods, such as accidental burns and exposure to hazardous substances contained in the glass bulbs, are eliminated. In addition, LEDs are also safer for the environment as they are 100% recyclable, which eliminates the need for costly special disposal services required with traditional gas burning and arc type lamps.

Cree Specific: This lamp uses a single Cree LED unit that has been chosen for its high lumen per watt ratio and extreme longevity. This Cree LED generates a robust 89 lumens per watt effective lumen output and have a 70% lumen retention at 50,000 hours, giving them better efficiency and operational life than traditional light sources.

16ft Coil Cord w/Cigarette Plug

21ft Cord with Ring Terminals

16ft Cord w/Battery Clamps

16ft Cord with Cigarette Plug

Wiring/Plug: Each light comes with a detachable 16 foot coil cord with cigarette plug. The cord is detached via a weatherproof, 2 pin Deutsch connector which easily and securely attaches and detaches the coil cord from the spotlight. Other cords, including 21 foot cords with ring terminals (C-21RT), 16 foot cord with spring battery clamps (alligator clips) (C-16BC) and a 16 foot straight cord with cigarette plug (C-16CP) are available. This light can be ordered in either 12 volt or 24 volt configuration, allowing it to be used with any vehicle or ATV equipped with a cigarette plug. Choose voltage below when ordering.

Applications: Hunting, Marine & Boating, Camping, Emergency Services, First Responders

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.

High Quality Features

1. Low power consumption.
2. Instant on/off operation.
3. Nylon and aluminum alloy body.
4. Durable polycarbonate lens.
5. Retains 70% lumen output after 50,000 operating hours.
6. Ergonomic nylon handle.
7. Built for Toughness and Durability
8. Low profile - Lightweight
9. 4,000 Lumen output from only 45 watts.

Superior LED Benefits

1. 50,000 hour lifespan.
2. Can SAVE 50% or more on energy.
3. Qualifies retrofit projects for financial incentives, including utility rebates, tax credits and energy loan programs.
4. Reduces energy use and prolongs life-spans of peripheral cooling units (A/C, refrigeration)
5. 100% recyclable.
6. No toxins-lead, mercury.
7. No UV light, infrared radiation or CO2 emissions.
8. Qualifies buildings for LED and other sustainable business certifications.
9. Bright, even light maintains consistent color over time.
10. Instant on/off - No flickering, delays or buzzing.
11. Very good color rendering.
12. Vibration/impact resistant.
13. Significantly cooler operation.
14. Less frequent outages, higher output improves workplace safety.

Specifications / Additional Information

HL-85-LEDWRE-45W-CPR Handheld Spotlight

Lamp Type: Cree LED

Dimensions: 7.95"L x 8.37"H x 2.75"D - 6.75" Lens

Weight: 3 lbs

Quick Summary

IP65 Waterproof

Dustproof

Shockproof

Voltage: 12-32V DC

Impact/Vibration Resistant Construction

Total Watts: 45W

Lightweight

Total Lumens: 4,000

Portable

Candlepower: 12 Million CP

Red and Green Lenses Available

Luminous Efficacy: 89 Lm/W

LED Lamp Life Expectancy: 50,000+

Wiring: 16` Coil Cord w/ Cigarette Plug

Cord Options: 16` Cig Coil, 16` Cig Straight, 21` Ring Terminals, 16` Battery Clamps, 16` Flying Leads

Beam Type: 30° Spot

Special Orders- Requirements

Housing Material: Aluminum Alloy & Nylon
