GAU-HB-400W-LED-118

LensGuard Adhesive Film Protector for the GAU-HB-400W-LED series LED Light Fixtures - 9 Pack

Product ID: 105042

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Mylar film rated to 500 degrees F with adhesive backing. Protects against small stones, sand, and other abrasive scratching elements.

This cover allows the operator to protect his/her GAU-HB-400W-LED Series LED Lights by placing it over the lens to prevent overspray. This package contains 9 peel off lens protectors, one for each bank of LEDs on the fixture. One pack will cover one light fixture.
