EPL-48-216.432-WW

Single Tube Replacement for EPL-48-216 or EPL-48-432 Explosion Proof Fixtures - Single Wire Way

Product ID: 105157

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The EPL-48-216.432-WW from Larson Electronics is a Complete Internal Replacement for a single tube in an EPL-48-216 or EPL-48-432 series fixture.
Please note that this replacement kit only replaces ONE tube in a fixture. Fixtures that require multiple tube replacements will require multiple kits.
The EPL-48-216.432-WW can be used to replace a broken, damaged, malfunctioning or otherwise compromised single tube in an EPL-48-216 or EPL-48-432 series fixture from Larson Electronics. This complete internal replacement kit comes with everything needed to fully replace a single tube including a spring loaded double socket end, a non-spring loaded double socket end, an aluminum wireway, a plastic lamp holder and wiring for sockets.
