LED-DS-120V-600W

120V Dimmer Switch for LED Light Fixtures - 600 Watt Rated - Electro-Mechanical Slider Switch

Product ID: 105253

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

LED-DS-120V-600W 120V LED Dimmer Switch

Switch Type: 3-Way
Input Voltage: 120V AC 60Hz
Load Type: Incandescent / LED
Load Rating: 600 Watts
RF Suppression: Radio / TV Filter

The Larson Electronics LED-DS-120V-600W 120V LED Dimmer Switch allows operators to dim Larson Electronics dimmable LED lamps and dimmable LED fixtures. Operators can control up to 600 watts of combined lamps and fixtures from a single switch.
The LED-DS-120V-600W 120V AC LED dimmer switch is designed to provide easy and precise dimming operation. This dimmer switch features an integrated linear full range slide control, on/off rocker switch and built-in radio/TV interference filter. The compact housing easily fits into standard wall boxes and is suitable for multi-gang installations.
