

EPL-HB-150LED-RT-SP0120

Metal Wire Guard for EPL-HB-150LED-RT and EPL-LED-150W-RT Series Explosion Proof LED Light Fixtures

Product ID: 105775

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Metal Wire Guard for EPL-HB-150LED-RT and EPL-LED-150W-RT Series Explosion Proof LED Light Fixtures

The EPL-HB-150LED-RT-SP0120 is a field attachable wire guard constructed of non-sparking aluminum. This unit attaches to existing fixtures via six thru-holes, three per side, and is securely fastened to the light fixture. The wire guard protects the glass lens on existing explosion proof fixtures from impacts that may damage the lens.

This wire guard is compatible with the following explosion proof and hazardous location LED light fixture series:

EPL-HB-150LED-RT
