HALP-xx-2L-SSPM

Stainless Steel Pole Mount Bracket for HALP Series Hazardous Location Light Fixtures

Product ID: 144775

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Stainless Steel Pole Mount Bracket for HALP-xx-2L and HALP-xx-3L Series Hazardous Location Light Fixtures
This set of two (2) brackets allows one (1) HALP series light fixture to be pole mounted instead of surface mounted. All equipment is made from stainless steel.
Size options include 1 inch, 1-1/2 inch, 2 inch, 2-1/2 inch, and 3 inch. The sizes are based on the mounting pipe OD, and the bracket is designed to properly fit the pipe. Please select your pipe size.
