

LE-2206-LED-SP0205

Replacement LED Engine for the LE-2206-LED Explosion Proof Flashlight

Product ID: 146819

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The LE-2206-LED-SP0205 from Larson Electronics is a replacement lamp engine for LE-2206-LED explosion proof flashlight.

This replacement LED engine for the LE-2206-LED explosion proof flashlight allows operators to replace a malfunctioning or otherwise damaged or non-working LED engine without replacing the entire flashlight. This saves operators both time and money.
