RNT-SMLP-16X1000W-MH-480V

RENTAL 7680W Skid Mount LED Light Plant - (16) 480W LED Fixtures - 480V AC 3-Phase - Crane Light

Product ID: 147066

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

RNT-SMLP-16X1000W-MH-480V 16,000W MH Cube Mount Light Plant

Lamp Type: Metal Halide
Dimensions: 122"L x 90"H x 40"D
Voltage: 480V AC 3-Phase
Total Watts: 17,280
Watts Per Lamp: 1,080
Total Lumens: 1,760,000 (110,000 Per Lamp)
Life Expectancy: 20,000+ hours
Light Color: Cool White
Lighting Configuration: Flood Beam Pattern
Housing Material: Aluminum
Lens Material: Polycarbonate
Mounting: Cube Mount w/ Skid Pockets and Picking Eyes
Mounting Material: Carbon Steel
Wiring: Customer provided
Weight: 950 Lbs
Rental Type: Monthly, Weekly, Daily

YOU CAN RENT THIS UNIT. CONTACT 1-800-369-6671.

Rentals: In an effort to cut back on contracts and various other paper work, Larson Electronics processes rentals like purchases until the product is returned. (Rent to Own Rates) This means, we will charge the customer for the product total and credit back the difference once the fixture is returned.

Rental Prices for the RNT-SMLP-16X1000W-MH-480V;
Monthly...$2200.00 USD
Subtract rental cost from total cost for the amount that will be credited back to customer upon return of product. Customer can choose to convert their rental to a purchase at any time during the rental period. When returned, deductions will also be made for shipping, repairs, and excessive cleaning, if needed.

Made in Texas
THIS UNIT IS FOR RENTALS
The RNT-SMLP-16X1000W-MH-480V Metal Halide Cube Mount Light Plant by Larson Electronics is a massive 16,000-watt lighting system that is suitable for stadium lighting, crane rig lighting, outdoor events and more. This unit contains 16, 1000-watt metal halide lamps and operates on 480V AC 3-phase. Capable of emitting 1.76 million lumens, the light mast is mounted on a carbon steel, cube-style platform with picking eyes for seamless hoisting and transportation.
The RNT-SMLP-16X1000W-MH-480V light plant is equipped with 16, 1000-watt metal halide lamps (total of 16,000 watts) for superior lighting in industrial environments. During operation, this unit emits a cool white light at 1.76 million lumens in a flood beam configuration for wide area lighting. The light plant runs on 480V AC 3-phase via customer provided line-in cord. When in use, the metal halide light plant can light up between 7-70 acres and reach targets from distances up to 1,000 feet. This caged lighting system is designed to illuminate targets from an elevated position. Reflectors around each lamp help focus and amplify illumination during operation. Hooking and securing components around the mount allow operators to raise the unit safely.
Mounting: Unlike many caged lighting boxes made of plastic and utilizing thin gauge, low grade metals in their construction, the RNT-SMLP-16X1000W-MH-480V is designed for serious use and is ruggedly constructed to withstand demanding conditions and heavy duty industrial applications. The metal halide lighting system is mounted on a cube-style thick carbon steel mounting platform, resulting in an extremely stable, durable and well protected unit. This model is equipped with picking eyes, which can be used for crane hoisting. Forklift skid pockets, locking casters and a top located lifting eyelet are also available, allowing easy lifting with forklifts, cable or chain hooks.
Applications: Stadium lighting, offshore lighting, crane rig lighting, cage mounted lighting, outdoor events, construction site lighting, emergency camps and large-scale industrial sites.
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
