EPF-SM-24-NC

24" Electric Explosion Proof Fan on Stand - 7980 CFM - Pedestal Mount - 3/4" NPT Hub - C1D1

Product ID: 147650

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EPF-SM-24-NC Hazardous Location Fan
Unit Type: Hazardous Location Fan (Circular Pedestal)
Dimensions: 24" (Blade Diameter)
Weight: 78 lbs
Voltage: 115V or 208-230V
Start-up Amps: 9.8A @ 115V, 4.9A @ 208-230V
Motor: 0.50 Horsepower
Phase: 1
Rotations Per Minute (RPM): 1,725
Blade Pitch: 14 Degrees
CFM Delivery: 7,980
Blade Material: Aluminum
Fan Material/Finish: Powder Coated Steel
Blade/Fan Color: Metallic/Black
Wiring Hub: 3/4" NPT Hub
Blade/Fan Color: Metallic/Black

Ratings
Class I, Division 1
Class II, Division 1
Direct Drive
Thermal Protection
Made in the USA

Made in Texas

The EPF-SM-24-NC from Larson Electronics is a Hazardous Location Fan that is designed as a spot cooling fan for use in hazardous atmospheres. This Class I Division 1, Class II Division 1 fan is rated for use in atmospheres that include flammable or explosive vapors, gas, or dusts. Three aluminum fan blades angled at 14 degrees (pitch) offer direct cooling in hazardous locations. The EPF-SM-24-NC 24" circulation fan

features a 3/4" NPT hub located on the back of the fans motor.
PLEASE NOTE: ANY FREE SHIPPING OFFERS DO NOT APPLY TO THIS PRODUCT
This hazardous location fan is equipped with a robust design that is intended to minimize ignition or explosion in the applicable hazardous environment. It is important to note that no fan can be completely explosion proof. However, the EPF-SM-24-NC hazardous location fan has all the design elements that minimize that risk including aluminum blades and a thermally protected, maintenance free 1/2 HP motor.
This hazardous location pedestal fan has a 24" diameter and generates over 7,980 CFM of air output for efficient spot cooling. The EPF-SM-24-NC fan is available in 115V operating at 9.8 amps or 208-230V operating at 4.9 amps. The powder coated steel fan guards offer corrosion resistance and a high degree of durability while the heavy-duty pedestal stand offers a sturdy base. The explosion proof fan weighs 78 pounds, spins at 1,725 RPM and is equipped with a 3/4" NPT hub located on the back of the fans motor.
Applications: Hazardous locations, industrial sites, oil and gas facilities, processing plants, construction, aerospace facilities, indoor/outdoor cooling systems and more.
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
