LE-VLBL-2-10-IS

Adhesive Equipment Label - INTRINSICALLY SAFE - White Text w/ Blue Background - 2"H x 10"L

Product ID: 147673

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The LE-VLBL-2-10-IS from Larson Electronics is an Adhesive Equipment Label that are designed to be attached to panels, equipment and other intrinsically safe devices properly identify it as being intrinsically safe to operators. This cable wrap label measures 2 inches in height and 10 inches wide and offers high opacity and a high gloss finish for easy visibility. This equipment tag is printed with the words "INTRINSICALLY SAFE" in white text against a vibrant blue background.

The LE-VLBL-2-10-IS adhesive equipment tag is made from durable vinyl and uses a permanent acrylic adhesive that offers a reliable and durable connection

between label and cord. This 2" by 10" label is an ideal solution for safely labeling intrinsically safe equipment in both indoor and outdoor settings.
Durability: The LE-VLBL-2-10-IS offers operators a high degree of durability. This means that they do not need to be replaced for much longer periods of time compared to other, less durable labels. These labels are rated to last for six years in outdoor conditions. The LE-VLBL-2-10-IS cable wrap label is self-extinguishing when exposed to flame.
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973.
