EXC-50M-12.3-240V-3X-6.15

50 Meter 12/3 SOOW 15 Amp Extension Cord - (3) 6-15R Receptacles - 220V/230V/240V - Outdoor Rated

Product ID: 147790

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-50M-12.3-240V-3X-6.15 - 15 Amp Continual Service Extension Cord

Cord Cap: 6-15P

Receptacles: (3) 6-15R/6-20R Receptacles
Voltage Rating: 220V, 230V & 240V
Max Amp Rating: 15A

Cable Type: 12/3 SOOW

Cable Length: 50 Meters (164 Feet)

Weight: 15 lbs

Made in the USA

The EXC-50M-12.3-240V-3X-6.15 from Larson Electronics is a 50 Meter 12/3 SOOW Extension Power Cord that is designed for heavy duty use and outdoor applications. This rugged extension cord is constructed of 12-gauge wire, equipped with a 15-amp rated 6-15P cord cap and three 6-15R/6-20R receptacles and allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-50M-12.3-240V-3X-6.15 power distribution system provides a safe and effective way for operators to extend 220V, 230V, 240V current and power a variety of devices for plant maintenance, power generators, construction and other temporary applications. Fifty meters of chemical and abrasion resistant

flexible 12/3 SOOW cable is terminated in a 15-amp rated 6-15P cord cap on one end and three 6-15R/6-20R receptacles on the other end.

Applications: This power distribution system is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
