VMP-XX-SP0005-V1

Replacement Gasket for No-Drill Mounting Plates Compatible with Ford F150 and Ford Superduty Trucks

Product ID: 148028

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The VMP-XX-SP0005-V1 from Larson Electronics is a Replacement Gasket for the no drill mounting plates offered by Larson Electronics that are compatible with Ford F150 and Ford Superduty trucks.
This replacement gasket provides a weatherproof seal for dry and secure installation of the mounting plate and can be used to replace a lost, damaged or otherwise compromised gasket.
The VMP-XX-SP0005-V1 is a replacement gasket for the following no drill mounting plates that are offered by Larson Electronics: the VMP-FSD-2017, the VMP-MAM-F150-2015 and the VMP-AM-F150-2015.
