

TRL-PNL-125A-1P

Single Phase Electrical Panel for Megatower™ Light Towers from Larson Electronics

Product ID: 148390

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The TRL-PNL-125A-1P from Larson Electronics is a Single Phase Electrical Panel for the Megatower™ Series of light towers.

The TRL-PNL-125A-1P is available in either a 120/240V configuration or a 120/208V configuration. Please make your selection below when ordering. This single phase electrical panel can be used to replace broken, damaged or otherwise compromised electrical panels on Megatower™ light towers from Larson Electronics.

Frequently Asked Questions (FAQ)

TRL-PNL-125A-1P

Product ID: 148390

Export Control Classification Number (ECCN): EAR99

Options:

TRL-PNL-125A-1P-Voltage

Example: TRL-PNL-125A-1P-120.240V

Voltage	
120/240V	-120.240V
120/208V	-120.208V
