HAL-QP-1X1000MH-ILS-220V.50HZ

1000W Hazardous Area Metal Halide Light Tower - Quadpod Mount - Inline Switch - C1D2 - 220V 50Hz

Product ID: 148554

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

HAL-QP-1X1000MH-ILS-220V.50HZ Hazardous Area Metal Halide Light Tower
Lamp Type: Metal Halide
Dimensions: Telescoping - 7 to 12`
Total Watts: 1000 Watts
Watts Per Lamp: 1000 Watts
Voltage: 220V @ 50Hz
Lighting Configuration: Flood Pattern
Mounting: Telescoping Light Tower Wheeled Quadpod Base
Weight: 105 lbs
Total Coverage: 40,000 Square Feet
Wiring: 25` SOOW Cable w/ Inline Switch
Cord Cap: 6-20P Explosion Proof Cord Cap

Approvals/Ratings
Rated for Wet Area Use
Class I Division 2 Groups A, B, C and D
Approved for Marine Environments
T1 Temp Rating
Inline On/Off Switch

Made in the USA

The HAL-QP-1X1000MH-ILS-220V.50HZ from Larson Electronics is a Hazardous Area Light Tower with Inline Switch that carries one 1000 watt metal halide lamp capable of illuminating an area 40,000 square feet in size. This portable light tower is rated Class I Division 2 Groups A, B, C and D as well as wet area and marine environment suitable and is equipped with an inline on/off switch and terminated in a 6-20P explosion proof plug.

PLEASE NOTE: ANY FREE SHIPPING OFFERS DO NOT APPLY TO LIGHT MASTS, LIGHT TOWERS, OR QUADPODS

The HAL-QP-1X1000MH-ILS-220V.50HZ hazardous area light tower provides operators in hazardous locations with a versatile lighting solution for operations where easily managed large scale illumination of the workspace is required. One 1000 watt metal halide lamp provides light coverage for 40,000 square feet of work area while a Class 1 Division 2 Groups A, B, C and D NTRL Listing assures reliable protection against inadvertent ignitions. This light tower can be extended from 7 to 12 feet in height and the aluminum quadpod includes wheels for easy placement of the tower.

This light tower is constructed of aluminum and provides for both height adjustment and leg placement assuring a steady and stable platform. Included with this unit is one 1000 watt metal halide lamp, a Class I Division 1 inline on/off switch, and 25 feet of abrasive and oil resistant SOOW cord terminating in an 6-20P Class I Division 1 explosion proof straight blade plug. The explosion proof light fixture can be removed by releasing the hand knob and sliding the light and mounting bracket off of the quadpod center support while the legs can be collapsed, aiding in deployment, storage and transport. This tower is rated for use in wet areas and marine environments and operates on 120V AC.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
