

LM-30-3S-SP0431

13.5" Base Stand for Larson Electronics Light Masts

Product ID: 149052

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The Larson Electronics LM-30-3S-SP0431 is a 15" base stand that allows users to increase the height of their existing light masts to clear 60 inches. The LM-30-3S-SP0431 is bolted onto the base of existing masts, between the mounting surface and mast to increase the mast height.
