LED-AR111-12W-G53

12W LED AR111 Light Bulb - 12V DC - Push In or Screw Terminal - G53 Base

Product ID: 149522

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

LED-AR111-12W-G53 LED Light Bulb

The Larson Electronics LED-AR111-12W-G53 12 Watt Low Voltage LED is designed to replace traditional metal halide and halogen lights and provides high durability which makes it ideal for industrial and commercial applications. This 12 watt LED replacement bulb provides 1200 lumens from only 12 watts.

The LED-AR111-12W-G53 is an LED light bulb that can serve as an upgrade from

standard light bulb. Utilizing only 12 Watts and designed to operate with 12 Volts DC, this lamp provides higher efficiency than traditional incandescent bulbs. This LED features a push-in or screw terminal for easy installation. Given the durability and longevity of this LED design, we see this LED light bulb as an ideal solution for a variety of business and industrial uses.

Larson Electronics is a manufacturer and as such can build stationary and portable transformer systems to your specifications. Although we carry several models of power distribution transformer systems, we can deliver custom ordered units almost as quickly as our prebuilt units. If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
