

LEDBLT-18W-183C

Adhesive Colored Diffuser Lens for LEDBLT-18W Lights

Product ID: 149545

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Adhesive White Diffuser Lens for LEDBLT-18W Lights

The LEDBLT-18W-183C from Larson Electronics is a vinyl adhesive lens that adheres to the exterior glass of existing LEDBLT-18W series light fixtures to disperse the light and reduce glare. Multiple lenses can be stacked on top of each other.

This lens is offered in red, blue, green, and amber colors and comes with one lens per pack.
