

EXC-1.6-GFCI-1X-3P2W

20" 12/3 SOOW Linecord with Single GFCI Protected Outlet - 15 Amp Max Rated - 3P2W EXP Plug

Product ID: 149925

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-1.6-GFCI-1X-3P2W - 20" GFCI Protected Linecord w/ EXP Plug

Male Cord Cap: Explosion Proof Pin and Sleeve Plug [EPP-250-2P-20A](#)

Female Receptacle: 5-15R

Voltage Rating: 120V

Max Amp Rating: 15A

Cable Type: 12/3 SOOW

Cable Length: 20"

Weight: 1.5 lbs

*90 day warranty replacement on this general area extension cord. After 30 days, the customer ships the failed cord to Larson Electronics at their expense. If the failure is a manufacturer defect, we will ship a new replacement to the customer. If failure occurs within 30 days of receipt, Larson Electronics will provide a return label via email to the customer. When the failed cord is returned, Larson Electronics will ship a new replacement.

Made in the USA

The Larson Electronics EXC-1.6-GFCI-1X-3P2W 20" SOOW linecord with one GFCI duplex outlet is designed for heavy duty and outdoor applications. This rugged three outlet extension cord is constructed of 20" 12-gauge 3-conductor wire, equipped with an explosion proof 3-pole, 2 wire pin and sleeve cord cap, inline GFCI, one 5-15R outlet and allows operators to provide ground fault protection.

The EXC-1.6-GFCI-1X-3P2W linecord provides a safe and effective way for operators to power a variety of general use devices. 20' of chemical and abrasion resistant flexible 12/3 SOOW cord terminated in an explosion proof 3-pole, 2 wire pin and sleeve cord cap. An inline GFCI and one female 5-15R connector provides ground fault protection from receptacles that do not provide GFCI protection.

Applications: This GFCI protected linecord system is ideal for indoor or outdoor use and applications including but not limited to aircraft maintenance, aerospace, cold storage, cranes, distilleries, food processing, laboratories, manufacturing, marine vessels, offshore, paper processing, power plants, shipyards, storage facilities, tank farms, tankers, textile, and washdown areas.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units. If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
