

LM-XX-SP2048-5IN

5" Replacement Manual Winch Handle - Compatible with Larson Electronics' LM Series Light Masts

Product ID: 150228

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The LM-XX-SP2048-5IN from Larson Electronics is a 5" Replacement Winch Handle for Manual Crank Winches found on Larson Electronics` LM Series Light Masts.

The LM-XX-SP2048-5IN replacement winch handle can be used to replace lost, damaged or otherwise compromised winch handles on any Larson Electronics` LM series light mast. The LM-XX-SP2048-5IN is a five inch handle for manual winches and features durable construction.
