

BL-RFM-600W-32V

600W Pilot House Control Search Light - 32V DC - Continuous Sweep - Manual Tilt/Rotation - 8" Lamp

Product ID: 150614

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

BL-RFM-600W-32V Pilot House Control Search Light

Voltage: 32V DC

Watts: 600

Beam Candle Power: 500,000

Vertical/Horizontal Movement: 70 degrees/380 Degrees

Mounting: Permanent Roof Mount

Housing: Chrome Plated or White Powder Coated Brass

Wiring: Tin Plated Electrical Contacts and Wiring

Dimensions: 26" L x 8" Dia

Weight: 14 Lbs

BL-RFM-600W-32V Features

CE Certified

Continual Sweep Mode

Manual Tilt & Rotation

Corrosion Resistant, Splash Proof

Suitable For Wet or Damp Locations

The BL-RFM-600W-32V from Larson Electronics is a roof mounted pilot house controlled searchlight. This 600 watt pilot house control light operates on 32V DC and features a continuous sweep, or manual movement, ideal for marine navigation, search and rescue missions and other marine applications.

The BL-RFM-600W-32V is a 600 watt search light with 500,000 beam candle power that can reach distances up to 3/4ths of a mile. The 8 inch lamp head can be manually controlled through both tilt and rotation with an attached lever

handle. The lamp can be tilted 70 degrees and rotated up to 380 degrees. For long term searches and scans of the water, this search light can be set up for continuous back and forth sweep.

This pilot house control light is constructed of a choice of chrome plated, or white powder coated brass with tin plated electrical contacts and wiring. The housing is corrosion resistant and splash proof, and has a sealed beam. This marine search light is a roof mounted unit for ceilings up to 5 inches thick.

Applications: This pilot house control search light is ideal for marine applications including search and rescue missions, coast guard, harbor patrol, marine navigation, and any other marine applications that require a light safety aid or signal.
