

MGP-CART

Aluminum Dolly Cart - Powder Coated Glossy Blue - Two Tires

Product ID: 150634

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The MGP-CART from Larson Electronics is an Aluminum Dolly that is designed for mounting equipment for easy and safe mobility around the work place or job site.

Please note that this is for the Aluminum Dolly Cart ONLY. Nothing else is included.

The MGP-CART from Larson Electronics is built from durable aluminum and is finished with a glossy blue powder coat for corrosion resistance. This aluminum dolly cart provides an extremely stable, durable, and mobile platform. The MGP-CART features two rubber tires and a frame that can be modified for a variety of uses.
