

RE-VMP-HHM-GM-SLVD-2014-V1

Raging Eagle Hood Hinge Mounting Bracket for 2014-2018 Chevrolet Silverado - Single Bracket Product ID: 152708

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in the USA

The Raging Eagle RE-VMP-HHM-FSD-F550-2018-V1 Hood Hinge Mounting Bracket offers no-drill mounting solutions for 2018 Ford Superduty F550 trucks. The aluminum bracket can be used to secure lights, cameras and other types of compact equipment on 2018 Ford Superduty F550 trucks without drilling holes on the hood. This single hood-mounting bracket is offered for installation on the left or right side of the hood.

The VMP-HHM-FSD-F550-2018-V1 is designed for no-drill hood mounting applications on 2018 Ford Superduty F550 trucks. This single, hood hinge mounting bracket allows operators to secure LED lights, cameras and other devices at the hood of the Ford truck. The L-shaped aluminum bracket can be

installed on 2018 Ford Superduty F550 trucks without drilling holes on the hood, making this unit ideal for service and rental fleets. The top-base component (measuring 1.1875" - length) is flat, providing a fixed platform for compact equipment.
