

EPL-SL-8-xx-SP0105

Replacement Molded Wire Harness Backbone for 8-Lamp Explosion Proof String Lights - NO LAMPS

Product ID: 154133

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The EPL-SL-8-xx-SP0105 from Larson Electronics is a Replacement Molded Wire Harness Backbone for 8-lamp explosion proof string lights.

PLEASE NOTE: THIS IS FOR THE REPLACEMENT MOLDED WIRE HARNESS BACKBOARD ONLY. NO LAMPS OR PLUGS ARE INCLUDED

The EPL-SL-8-xx-SP0105 replacement molded wire harness backbone can be used to replace missing, lost, damaged, broken, or otherwise compromised molded wire harness backbones in existing 8-lamp explosion proof string lights from Larson Electronics.
