ATEX-HALP-24-1L-T8-1X17W

30W Explosion Proof Fluorescent Fixture - (1) 2' 30W Lamp - 100/250V AC - ATEX/IECEx

Product ID: 154406

Please see last page for supporting documentation for this product (certificates, CAD files & drawings, IES files, wiring diagrams, etc).

Image: ATEX-HALP-24-1L-T8-1X17W

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

ATEX-HALP-24-1L-T8-1X17W Hazardous Location Lamp

Lamp Type: LED
Dimensions: 27.5" L x 8.7" W x 5.6" H
Weight: 14.9 lbs
Voltage: 220-240V AC 50/60 Hz
Total Watts: 30W
Lamp Life Expectancy: 24,000 Hours
Beam Angle: Flood
Ambient Operating Temp Range:-30°C to +50°C
Operating Temp Range: T4 Rated
Housing Material: Polyester and Glass Fiber Housing
Gasket Material: Silicone
Lens Material: Polycarbonate
Mounting: Ceiling or Wall
Wiring Hub: (1) M25 on Both Ends

Ratings/Approvals

- Class I, Zone 1 & 2, AEx de IIC T4
Class I, Division 2, Groups A,B,C,D, T4
Class II, Divisions 1 & 2, Groups E,F,G
Class III
Central Locking
Types 3, 4, 4X & IP66

The ATEX-HALP-24-1L-T8-1X17W Explosion Proof Fluorescent Fixture from Larson Electronics is ATEX/IECEx approved for Zones 1 and 2 and 21 and 22. This 30-watt unit is equipped with one, 2-foot lamps that operate on 100-250V AC. The IP66-rated fixture is made out of non-sparking materials that are highly resistant to rough impacts (IK10).

This fluorescent lamp can be mounted on ceilings or walls using a pair of stainless steel mounting brackets.

The ATEX-HALP-24-1L-T8-1X17W is designed for use in hazardous locations and flammable buildings that require ATEX/IECEx rated fixtures. Consisting of one, 2-foot fluorescent lamp, the cold start unit is compatible with 100-250V AC, while consuming 30 watts during operation. A flood beam configuration ensures full coverage of the location when the light is in use. The lamp carries a T4 temperature rating. A NC switch provides all-pole disconnection when the unit is opened.

This ATEX-rated fluorescent fixture is constructed of non-sparking materials for protection in flammable work sites. The housing on the unit is made out of glass fiber-reinforced polyester resin with polycarbonate lens and silicon foam gaskets. The IP66 unit offers exceptional resistance to hard impacts (IK10), with a threshold of 20 joules. Operators can lock the lamp using a small socket key (M8/wrench size 13).

Mounting: The ATEX-HALP-24-1L-T8-1X17W is compatible with wall or ceiling mount installations. Each fixture is equipped with two M25 hubs on either side of the lamp for completing electrial connections. When a stainless steel mounting bracket is attached to the luminary for mounting, it can be swiveled in increments of 15 degrees for accurate targeting.

Suggested Applications: Petrochemical facilities, lubrication pits, oil drilling rigs, crew quarters, solvent/cleaning areas, water treatment areas, processing plants, marine loading docks, shipyards, ports and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
